## Welcome letter

Dear Sir or Madam,

Welcome to your job position at BB Industry a.s., the leading manufacturer of filling technology and blow molding.

For the next five days, our German subsidiary Senork Vertriebs GmbH and the security experts of our Product Security Incident Response Team (PSIRT) will forward every security task that they can't solve. You have to consider that we are in straitened circumstances due to the ongoing global pandemic.

If we see that you can solve the easy tasks on your first day (Monday), we will gradually continue to send more challenging tasks (Friday).

You have to send us a flag as proof that you solved the task. Usually, the format will be `syskronCTF{...}`; however, there is a unique format in some cases. Therefore, read the description of each task carefully. We need reliable security people at BB Industry.

Once again, thank you for joining our great company. Please confirm that you read the letter by entering the flag on this page.

Best regards,

**Lenka Vápeníková**
